

## RIOTING STOPPED

There Has Been No Further Disturbance at Akron, O., and None Is Expected.

### STATE MILITIA PATROL THE CITY

Nearly a Score of People Suffering From the Wounds of Pistol Ball, Buckshot and Missiles.

The Innocent Ones Were Those to Suffer, While the Guilty Ones Were Practically Uninjured—A List of the Victims.

AKRON, O., Aug. 24.—This city, while not exactly under martial law, is being patrolled by nine companies of the 4th regiment, brought here by the riots of Thursday morning, when day dawned Thursday morning revealed a scene of desolation and the evidence of violence and lawlessness unparalleled in the history of this city. The rioters had done their awful work and had dispersed. One child was lying cold in death, and nearly a score of people were suffering from the wounds of pistol balls, buckshot and missiles. The city building was a heap of smoldering ruins, and beside it steamed the water-soaked ashes of Columbia hall. At 9:30 nine companies of the 4th regiment arrived in the city and marched to the scene of the rioting. Shortly before 10 o'clock Mayor W. E. Young issued a proclamation closing every saloon in Akron until further orders.

In the Akron riot history again repeated itself—the innocent ones were those to suffer, while the guilty ones were practically uninjured.

The revised list of the killed and wounded is as follows:

Edna Wade, aged 11 years, son of Lillian Wade, Empire hotel, shot through the heart and instantly killed.

Rhoda Davidson, aged 4 years, daughter of Mr. and Mrs. J. M. Davidson, shot through the head and died.

Fred Vorwerk, buckshot wound in abdomen.

W. H. Dussell, fireman, flesh wound in leg.

Park Stair, flesh wound in leg.

John E. Washer, scalp wound from brick.

Arthur E. Sprague, teamster, scalp wound.

John Ahren, painter, flesh wound in arm.

L. Chemelitski, flesh wound in the hand.

Albert Grant, flesh wound below the knee.

Frank Souers, flesh wound in hand.

E. Shelby, American express driver, buckshot in abdomen.

Albert Stevens, living at Graham station, Northfield, shot in foot.

Freeman L. Hines, flesh wound in cheek and neck.

Freeman W. Hojeko, flesh wound in neck.

Freeman Minor Fritz, flesh wound in cheek.

Freeman John Denious, flesh wound in leg.

Freeman A. Eberly, flesh wound in breast.

Freeman David Phillips, flesh wound in leg.

Policeaman Alva Greenlee, struck over head by brick.

Policeaman John King, knee injured by brick.

Policeaman Ed Dunn, struck by brick.

The scene of the rioting was visited by thousands. The people of Akron were restless. Every one appeared to be waiting for trouble, but none occurred.

During the day wild rumors were current that mobs were being formed to go to Cleveland and lynch Peck, but there was no good ground for the rumor. The arrival of the troops distracted the attention of those lawlessly inclined and had a salutary effect on those who would have delighted in a recurrence of the rioting.

The city officials secured the old post office, corner of Mill street and Broadway, for temporary quarters.

At a conference in the afternoon at the Buckshot hotel between Mayor Young and the militia officers dead lines were established and soldiers were placed in different parts of the downtown section of the city.

Paul Adams Shoots Miss Mary O'Brien and Then Puts a Bullet Through His Own Head.

BUFFALO, N. Y., Aug. 24.—Paul Adams, 25 years old, shot Mary O'Brien, 40 years old, inflicting an injury that will probably prove fatal, and then killed himself, dying instantly. Miss O'Brien is proprietor of the Majestic, a small hotel, and Adams was until recently her bartender. He became dissipated and generally offensive and was dismissed. The woman, however, concluded to befriend him, and he became a truant. As time she had him sent to the penitentiary as a vagrant.

As soon as he was released he became intoxicated, went to the hotel and asked Miss O'Brien about a note he had written. Her reply evidently displeased him, and he drew a revolver, firing four shots, one of which took effect in her face. Adams then fired a shot into his head and fell dead.

## FIRES IN PEKING.

The Imperial City Is Likely to Be Destroyed By the Torch of the Chinese.

### STREET FIGHTING STILL GOES ON

Dissections Said to Exist Among the Officers of the Allied Forces Which May Complicate Matters.

Gen. Chaffee Believes That the Chinese Have Been Sufficiently Punished Already, but the Russian Commander Thinks Not.

LONDON, Aug. 24.—Fires, fighting and dissection are apparently following in the wake of the relief of Peking. The Daily Mail publishes dispatches from the Chinese capital, dated as late as August 17, declaring that a great fire was then raging in the Imperial City. The Russian commander had declined to accept the decision of the other generals not to violate the imperial precincts, and street fighting was going on.

Gen. Chaffee, so it is asserted, maintained that the Chinese had been adequately punished already and that it would be unwise to take the imperial palace. The Russian general, however, maintained that his government had declared war against China and that, therefore, there was no reason to prevent him from carrying hostilities into the sacred precincts.

Judging from various, and in many cases contradictory, dispatches that have reached Europe from Peking, the commanders eventually adopted a middle course, for a Reuter telegram asserts that sentries were placed to guard the Imperial City, but that the imperial buildings, although captured, will not be destroyed.

The fires appear to be incendiary and to be caused by the Chinese themselves. All the dispatches point to the fact

VIEW OF ONE OF THE BUSY SECTIONS OF THE CITY OF SHANGHAI.

that when the latest message received here left Peking the commanders were somewhat at sea regarding the future action, all awaiting instructions from their governments.

The foreign residents appear to have been sent to Tien-Tsin, although the St. Petersburg correspondent of the Daily Mail says the ministers will not leave Peking until negotiations for indemnity are under way.

Neither the commanders nor the diplomats were in communication with the Chinese government on August 17. They were then searching for Prince Tuan.

Among the puzzling reports as to the whereabouts of the emperor dowager is one from St. Petersburg that she is in the vicinity of Peking, but surrounded. The emperor seems to have disappeared completely.

It is officially reported that the minister of the Netherlands, Dr. F. M. Knobel, was slightly wounded during the siege.

St. Petersburg dispatches announce good progress in the Manchurian campaign. The town of Gerfen was captured August 15 with trifling Russian loss, while the Chinese suffered severely, leaving 10 guns, 700 rifles and large quantities of ammunition in the hands of the Russians.

The reports of risings in Northern Korea are confirmed. It is believed that these are not due to ill will toward foreigners, but to local dissatisfaction. The Korean government is sending troops to the disaffected districts.

### ST. PETERSBURG ADVICES.

Russian Troops Were the First to Enter Peking—Bombardment Lasted Fourteen Hours.

St. Petersburg, Aug. 24.—Gen. Linvitch, commander of the Russian troops in the province of Pe-Chi-Li, and telegraphs to the ministry of war as follows:

"At 2 o'clock in the morning of August 14 our troops stormed the eastern gate of Peking and were the first to enter the city. The Russian flag was the first hoisted on the wall. The bombardment of the gate lasted 14 hours. The Russians then scaled and occupied the wall. The Chinese, however, still held the observatory and other towers, whence they sniped our troops to a heavy infliction. The fire until our infantry forced them to leave their positions. Our losses: Killed, Col. Antikoff and 20 men; wounded, Gen. Wasilow

ski, Col. Modl and five other officers and 108 men.

"In the meanwhile the allied troops stormed and captured another gate and entered the city.

"We found the imperial government had fled and that the legationaries were in great straits."

The dispatch concludes with describing the recent attacks on the legations. During the siege the inmates of the Russian legation had five men killed and 20 wounded.

### Had to Fight All Day.

Tokio, Aug. 24.—According to dispatches received here from Peking, the Japanese troops went to occupy the imperial palace there on August 15 had to fight all day because they refrained from bombarding the palace. Thus a decisive action was impossible. On the 16th, however, they occupied the principal gate of the palace, the city being nearly cleared of the enemy.

### SETTLEMENT EXPECTED.

Members of the Amalgamated Association of Iron and Steel Workers Not to Strike.

Chicago, Aug. 24.—Officials of the Republic Iron and Steel Co. and the Illinois Steel Co. deny that there is any prospect of labor troubles in steel and iron circles. The report that the wage question is becoming aggravated and that a settlement is expected is expected to be without foundation. The question of a wage scale has been under discussion for some time past between the union and the employers, but the discussion is being carried on with the utmost harmony.

A satisfactory trial trip. Washington, Aug. 24.—The navy department has been notified by the Harlan & Hollingsworth Co., of Wilmington, Del., builders of the 30-knot torpedo boat Stringham, that the vessel made a very satisfactory trial trip.
